EXEDY REF: P
REVISED: 15-Aug-05

ISUZU DOWELL PINS

The items supplied in this kit have been supplied as a matched set, and must be fitted as a matched set. **(Including Bolts & washers)**

NOTE

Only 9 bolts are required as these are specially designed to act as locating dowel/bolts (please remove old dowel pins and do not replace).

Under no circumstances is this clutch to be fitted to a flywheel surface that hasn't been reground.

Always machine flywheel before installing new clutch kit!!!
